Achieving Community Resilience *Breaking News!*

*Manchester House has won an award for..
Community Contributors & Manawatu Champions- Not for profit category*

Old Mother Hubbard... Went to the cupboard but the cupboard was bare....

Our food bank has seen an increase in demand . Because of COVID, our annual food drive has not happened for 2 years. Our food bank survives solely on community donations and funding to keep our cupboards stocked for the year. Because Christmas

is approaching fast and with the uncertainty of COVID, there has been added pressure to ensure we are adequately stocked up.

But never fear the Community is here..

Hiwinui School and community, as well as Feilding Intermediate School rallied around and provided a generous food collection to restock our shelves just in time for Christmas.

We have also had other great donations lately from the community and it really helps. One great donation we received; a lovely lady made masks and sold them. With the money she brought food as well as giving a generous monetary donation for the food bank . It really lifts your heart to see the community get behind to help others.

Kevin Darragh MDC Community Award 2021 recipient.

Manchester House is pleased to celebrate with Kevin, He received his Community Award in September. Kevin is a big part of the Manchester House family. He became Chairman in 2016 and lead the Board through a restructuring process of our 38 employees and 30 volunteers.

Earlier this year Kevin resigned his postion as

Chairman but remains on the Board. His input, not only in his governance role has been essential and very much appreciated, but also his knowledge and long-standing relationships within our local community, have greatly assisted Manchester House in building the understanding and resilience needed to support the unfortunate in society.
