Matariki

On Friday 28th June 2024, Matariki will be observed. In Māori culture, Matariki represents the Pleiades star cluster and commemorates its initial appearance in late June or early July. This event signifies the start of the new year in the Māori lunar calendar.

TE IWA O MATARIKI THE NINE STARS OF MATARIKI

Traditionally, Matariki celebrations involved lighting ceremonial fires, offering tributes, and engaging in different festivities to bid farewell to the departed, pay respects to ancestors, and revel in life. Today, communities throughout Aotearoa gather to commemorate their ancestors, enjoy shared meals (kai), sing, share stories, and make music together. **Get behind your local communities celebrations and spend time with friends and Whanau.**
